ECO202, Midterm 2 Question SHEET, Prof. Denislamova

December 16th, 2022, 07:10 – 09:00 pm

Instructions:

- You have 110 minutes. Keep these test papers closed and face up on your desk until the start of the test is announced. You must stay for a minimum of 60 minutes. You cannot leave the room in the last 10 minutes of the exam.
- You may use a non-programmable calculator.
- There are **6 questions** (with multiple parts) with varying point values worth a total of **105 points**.
- This question booklet includes these 6 pages.
- Write your answers IN THE ANSWER BOOKLET clearly, completely, and concisely. An answer guide ends most question to let you know what is expected. For example, a mathematical equation-based derivation/analysis (which shows your work and reasoning), a fully labelled graph, and/or a verbal explanation.
    - Anything requested by the question and/or the answer guide is required. Similarly, limit yourself to the answer guide. For example, if the answer guide does not
