MAT135H5 F - FALL 2020 - WRITTEN ASSIGNMENT 1 - SOLUTIONS

Submission

- **You must submit your completed Written Assignment on Crowdmark by 6:00pm (EDT) Friday September 25, 2020**. You will be emailed a link from Crowdmark with information on how to submit your solutions.
- Late assignments (even by a couple seconds) will not be accepted.
- Consider submitting your assignment well before the deadline. (1400 students all trying to submit at 5:59pm will break Crowdmark.)
- You do not need to print out this assignment; you may submit clear pictures/scans of your work on lined paper, or screenshots of your work.
- You do not need to submit the cover page, the grading scheme, or Part 3 of Question 3.
- You must correctly orient/rotate and order your submission.
- If you require additional space, please insert extra pages.

What if I don't have a UTorid yet? How do I submit my solutions?

We will synchronize your Quercus information to Crowdmark frequently. When you receive your utoronto email, then you be emailed a link from Crowdmark with instructions on how to upload your solutions. If you do not have
