# Practice Test 2

Last modified: Thursday Feb 26, 2026

## Question 0: The Writing Question

There will be a very similar writing question on the test. During tutorial, write a solution to this question and trade it with a partner to evaluate each other's writing using the rubric from ACT D:

- **(Clarity)** – Does it clearly explain the answer to the question?
- **(Brevity)** – Does it avoid using unnecessary words or sentences?
- **(Appropriate Audience)** – Is it written so that a university student who has not yet taken math would understand it?
- **(Completeness)** – Does it address all parts of the question without skipping anything?
