MATA30 - Final Exam Practice

The actual exam will be held **online** via Zoom and Crowdmark.

On the day of the exam, Crowdmark will email you a link where you will complete the test. Do not share this link as it will be unique to you.

Be sure to have paper to write on.

Your exam contains some multiple choice and written problems. Written problems: you write your answer on paper, then scan and upload to Crowdmark.

This is a closed-book exam. You must work independently on your test. Do NOT discuss your answers with others. You are NOT permitted to use a calculator or math software.

Time: 2 hours and 30 minutes (plus upload time)

1. Consider the following two statements and choose the correct answer.

   (I) If $f(x)$ has a vertical asymptote at $x = a$, then $f(a)$ is undefined.
