Assignment 8

Make sure to fully explain your answers.

1. Below are two pulses (which are a form of wave) moving towards each other at 1cm/s at t=0s. The size of the large blue squares are 1 cm in length and 1 cm in height, as shown below. Draw the resultant wave at t=3s, and 4s. Make sure that it is too scale and you clearly label x=0 on your diagram.
